

Molina Political Spending

January – December 2023

About This Report

The contributions listed in this report include corporate and political action committee (PAC) contributions to federal and state elected officials, political parties, political action committees, ballot measures, and trade association dues attributed to lobbying. The contributions disclosed herein were made in conformity with the Molina Healthcare Political Engagement Policy. The Molina Healthcare Political Engagement Policy is publicly available and details how we make the decision to contribute and the process by which we use to make the contributions.

It is important to note that the making of political contributions by Molina or its PAC to an elected official or political organization does not imply that Molina endorses or supports every political position taken by that recipient. Molina's principal focus is on health policy and government-sponsored health care issues, and Molina makes political contributions with that focus in mind. Although no single issue or criterion determines our engagement or political giving position, Molina does consider on a holistic basis any matters involving an elected official or political organization that could reflect poorly on Molina as a political contributor. Such matters could include, without limitation, any legal or ethical investigation, an alleged crime, or an alleged act that is incongruent with Molina's corporate values or that could adversely reflect upon Molina, its employees, customers, or shareholders. Molina and its PAC retain the right to discontinue its support for any elected official or political organization at any time. On certain occasions in the past, Molina has discontinued its support based on such considerations.
